# 浙江永铸金属科技有限公司

Zhejiang Yongzhu Casting Technology Co., Ltd.

浙江永铸金属科技有限公司成立于2017年（前身杭州海格金属制品有限公司成立于2004年），是一家专业的铸造与加工制造商。

永铸可以根据客户的要求提供不同类型的生产工艺：高压压铸、砂型铸造、重力铸造，以及挤压、冲压、焊接等。产品应用范围广：汽车零件，LED灯零件，家具，机械零件，街道设施，娱乐设施等。

拥有10000平米自建厂房，位于浙江诸暨-次坞临杭产业园。地理位置交通便利，处于高速路口附近，距宁波港和上海港很近，距离诸暨火车站半小时车程，萧山国际机场一小时车程。

我司拥有铸造和CNC加工技术，还拥有模具工程设计团队，粉末喷涂/阳极氧化，电子喷涂生产线，旨在提供一站式服务，从模具设计，铸造，机加工到表面处理。

同时，我们可以提供光谱仪分析的原材料报告，CMM报告，泄漏测试报告，PPAP报告。工厂已通过IATF认证。

2004年，杭州海格金属制品有限公司成立  
Hangzhou Higer Metal established in 2004

# 浙江永铸金属科技有限公司

Zhejiang Yongzhu Casting Technology Co., Ltd.

Yongzhu Casting formerly Hangzhou Higer Metal Products Co., Ltd. established in 2004, is a professional manufacturer of castings and machining.

We offer different types of process-high pressure die casting, sand casting, gravity casting as client's request, and extrusion, stamping and welding.

The application of our products include auto parts, LED lamp part, furniture, machine parts, street facilities, entertainment devices and so on.

We have 10,000 square meters of self-built workshops, located in Zhuji, Zhejiang.

It is near the highway intersection, close to Ningbo Port and Shanghai Port, half an hour's drive from Zhuji Railway Station and one hour's drive from Xiaoshan International Airport.

We also have mould engineering design team, powder coating/anodizing, e-coating production line, aims to offer one-stop service, from mould design, casting, machining to surface treatment.

we can offer raw material report by Spectroscope, CMM report, leaking test report, PPAP report. Our factory have got IATF certifications.

## 压铸车间设备

Die Casting Workshop Equipment

7台: 88吨 – 2000吨三手机械臂压铸机

7 Sets: 88tons – 2000tons Three-hand Manipulator Die Casting Machine

2000吨压铸机

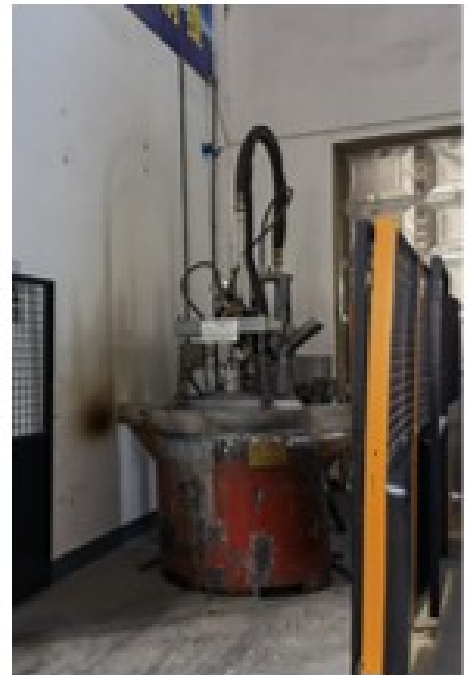

2000tons Die  
Casting Machine

## 压铸车间设备

Die Casting Workshop Equipment

### 熔炉 Separate furnace shop

#### **1. Separate Furnace, Better Castings**

Dedicated furnace means consistent metal quality for every part we produce, no temperature fluctuations, just precision.

#### **2. Faster Production, Lower Costs**

Centralized furnace feeds multiple machines at once, speeding up production without sacrificing quality.

#### **3. No Delays, Greener Results**

No need to stop machines for refueling or alloy changes. Centralized furnace setup reduces emissions and waste, helping us meet strict environmental standards.

## 压铸车间设备

Die Casting Workshop Equipment

Quality control from  
the source material

Mold team fully  
supports your plan

## 毛刺车间设备

Deburr Workshop Equipment

### 挂式抛丸机

Hanging Shot Blasting Machine

### 滚式抛丸机

Roll Shot Blasting Machine

#### **1. Hanging Shot Blasting Large Parts**

For larger, more complex parts, ensure thorough cleaning and uniform surface treatment.

#### **2. Roll Shot Blasting Smaller Parts**

For smaller parts, offer quick and consistent surface finishing without damage.

#### **3. Full Coverage Cleaning**

Both blasting machines ensure every inch of your castings is cleaned and treated, no corners left untouched.

Zhejiang Yongzhu Casting Technology Co., Ltd.

## 精加工车间

CNC Machining Workshop

We utilize high-precision machines in CNC workshop, featuring 3-Axis, 4-Axis and 5-Axis setups to manage any project you have.

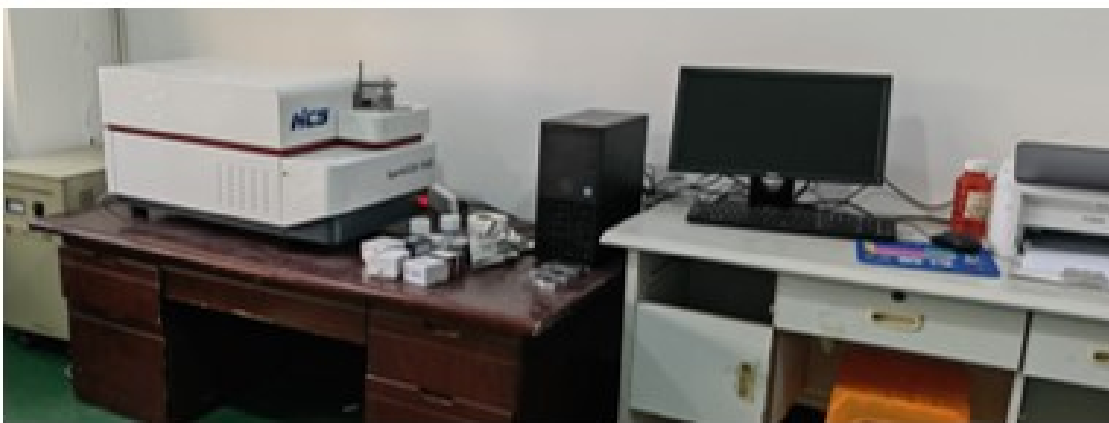

实验室  
Laboratory

Dedicated quality control team ensures that all parts meet the highest standards of quality and consistency.

We employ high-accuracy measurement instruments, including CMM, spectrometers, and X-ray detectors.
